# Take a Closer Look

DISCOVER WHAT'S POSSIBLE NOW

INTERBITDATA.COM

In healthcare, operational continuity isn't a luxury, it's a necessity. And today, it's possible to do more than just respond to disruption. Now, you can stay ahead of it. That's why we're inviting you to take a closer look at what's new from Interbit.

With fresh expertise, powerful platform updates, and new partnerships, we're helping hospitals strengthen their resilience, protect patient safety, and stay operation no matter what.

## TOOLS + SERVICES

---

### Smarter Tools for Critical Moments

Our BeaconSolutions™ Platform now includes new features for Downtime Registration and Clinical Documentation, ensuring care never stops -that clinicians have reliable access to critical data before, during, and after an event. And no need for paper, because when every second counts, paper isn't a back-up -it's a breakdown.

### Your Project, Our Priority-End to End Professional Services

Professional Services From custom data extraction and interface project management to cybersecurity readiness and workflow optimization, our Interbit Professional Services division helps hospitals prepare, adapt, and stay resilient. We offer full-service support-from assessments and deployment to training and post-go-live reviews, ensuring continuity and confidence at every stage of your project lifecycle.

## NEW EXPERTISE. DEEPER INSIGHT. STRONGER GUIDANCE.

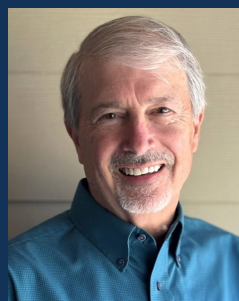

---

We've brought in two industry veterans who understand the real-world challenges hospitals face.

**Frank Fortner**  
*Executive Vice President and  
former president of iatricSystems*

Adds strategic leadership and decades of experience delivering value adding software solutions.

**Guy McAllister**  
*Vice President  
BeaconSolutions*

Is a former CIO and seasoned cybersecurity expert now guiding our clients in readiness planning and optimization.

# Expanded Reach. Trusted Collaborations. Patent Granted.

We're growing our scope of aligned partnerships to bring you broader support, deeper integration, and proven solutions that complement your existing systems:

## MEDITECH ALLIANCE MEMBER

---

Our inclusion in this select group reflects the proven success and reliability of our solutions within the MEDITECH Expanse environment-offering hospitals stronger data distribution and delivery.

## RESELLER PARTNER WITH PATIENTPATH™

---

We now offer PatientPath, a full-spectrum outpatient tracking solution merging the Scheduling, Preregistration, and Admissions processes to improve the patient experience, facilitate patient throughput and protect your revenue.

## PARTNERING WITH INNOVATIVE CONSULTING GROUP

---

Through our partnership with ICG, hospitals now have broader access to interbit downtime and integration solutions - delivered by a trusted healthcare consulting firm that understands both the strategic and operational demands of HIT environments.

## Patent Granted

### ADDED SECURITY

Patent assures data security in the Interbit Beacon Downtime CyberVault. As part of zero trust, malware cannot be sent to CyberVault.
